

## Curriculum Committee

The Curriculum Committee is currently discussing with the fine arts teachers in Calvert Catholic Schools the concept of integrating fine arts into all areas of our curriculum. The fine arts teachers met with us at our last committee meeting on March 13, 2007 and embraced this concept. Work on this idea has just begun with much more work and planning to follow. Implementation would not be expected to occur until the 2008-2009 school year.
